Thank you for your interest in the South-Western City Schools Peer Model Program. Peer models are a vital part of the success of our preschool program. We value the positive impact our typically developing children have upon our special needs children through appropriate modeling and peer interaction. Peer models should exhibit appropriate social and communication skills. If the preschool team determines additional interventions are needed during the course of the school year, parents will be informed and involved with the evaluation process of the peer model.

Eligibility Factors for Enrollment of Peer Models at the start of the School Year:

- Must be 3 or 4 years of age on or before September 1, 2017 and not kindergarten eligible in SWCSD
- Child must be fully toilet trained
- Availability of space (students accepted into program by the date applications are received)
- Required paperwork listed below must be complete
- Payment of monthly tuition

Our program promotes development in communication skills, motor skills, independence and a positive self concept. We follow the Early Learning Content Standards endorsed by the Ohio Department of Education and provide literacy enriched and developmentally appropriate environments. Our classrooms at the Preschool Center have a maximum of 12 preschoolers, 6 peer models and 6 children identified with special needs. Our "satellite" classrooms housed in the elementary buildings have 4 peer models and 8 children identified with special needs.

Attached you will find all the necessary forms and information for enrolling your child in the program as a peer model. Please read the contract carefully and return the signed contract, along with the application and all necessary paperwork listed to Sharon Quigley or Tracey Kulp at Preschool Center. Be sure to complete all sections and both sides of the forms. Items needed for completion of packet:
